Microsoft Solutions Partner Business Applications

GACAAM GLOBAL TECNOLOGIAS ACADEMY S.A.C. is officially recognized as a Microsoft Silver Partner, a distinction that certifies its excellence and commitment to delivering high-level technology solutions based on the Microsoft platform.

This certification validates GACAAM's technical expertise in key areas such as specialized training, cloud services, software development, digital transformation consulting, and Microsoft-backed business solutions.

As a Microsoft Silver Partner, our company is part of a global network of strategic partners that meet the quality, performance, and customer satisfaction standards required by Microsoft. This partnership grants us access to advanced benefits, such as:

Exclusive technical resources and ongoing training.

Microsoft-certified licenses and development tools.

Priority technical support and access to cloud solutions.

Participation in innovation and co-marketing programs.

This accreditation strengthens our ability to transform businesses through technology and continue providing exceptional service to our clients throughout Latin America.
